

Downpour causes havoc

A TWO-HOUR downpour caused flash floods in Johor Baru yesterday morning, damaging some 50 vehicles. Most of the affected vehicles were parked at an open-air car park at Jalan Datuk Syed Mufti near Wisma Persekutuan. Floods in Jalan Wadi Hana and Jalan Skudai also caused traffic congestion. Flood-prone Jalan Ayer Molek was hit once again, thanks to a

delayed flood-mitigation project due to problems with the relocation of cables. The project was supposed to have been completed last month. Other flooded areas were Wisma Persekutuan, Menara Tabung Haji, the Jotic Building, Dewan Jubli Intan and the courthouse. — NST picture by Roslan Khamis
